N O T E (reviewing the progress of special work).

1. Preliminary Review. Of the items of special work assigned to me from time to time, the following items have been disposed of (so far as I am concerned).

I. Decentralization in Secretariat.

II. Decentralization in Members' Departments.

III. Decentralization in Revenue Department.

IV. Framing of rules under the Village Offices Regulation.

V. Revision of the Village Manual (in manuscript).

VI. Revision of the Taluk Manual (in manuscript).

VII. Miscellaneous work.

2. Development of Local Self-Government Scheme

As regards the development of the Local Self-Government Scheme, a separate note is put up showing the unfinished items of work.

3. It seems to me however that the time will shortly arrive for handing over this work to Branch IV in the ordinary course, as the main portions have been disposed of in the special office and the work yet to be done can be done without difficulty in Branch IV with the help of the special establishment of 2 clerks organized for that purpose. Orders have now to be passed regarding the extension of period for this special establishment

Serial No.

establishment. It may further be noted that with effect from the 1st of this month the Assistant Secretary, Branch IV, has been asked by the General Secretary to look after the special work relating to the development of the Local Self-Government Scheme.

4. Unfinished items of work. The only other items of work yet unfinished are,-

(a) Revision of forms and registers;

(b) Revision of the proofs of Village and Taluk Manuals.

The Survey Supt,

As regards (a), the Excise Commissioner and the Conservator of Forests have promised help but final proposals have not yet been received from them.

As regards the forms and registers of the Revenue Department, I have collected materials and am classifying them and making notes. As the Revenue Commissioner has declined to help me in this matter, my idea is to formulate such proposals as could be made on the existing materials and then consult him before orders are finally passed. The best method of effecting a revision in the Revenue Department seems to me to be as follows:-

forms &c

The District Sheristedar or the Treasury Assistant

Serial No.

Assistant Commissioner in each district to prepare a memo making definite proposals for the revision. This memo to be circulated to selected officers of the Revenue Department and to be placed before a Conference of such officers presided over by the Deputy Commissioner or Treasury Assistant Commissioner and final proposals to be made after such Conference by the Deputy Commissioner to the Revenue Commissioner. The Revenue Commissioner to consider all such proposals for all the districts and make his proposals to Government. This method however cannot be adopted now in the circumstances above explained.

The Excise Commissioner has written that he is adopting a similar method for revision of the forms etc., of his Department.

5. (b) Revision of proofs. The proofs are slowly coming. If the Superintendent of the Press is requested to expedite, the passing of the proofs may be completed within two months if not earlier.

6. Establishment of the special office. In G.O.No.16852-902/G.M.412-16-4 dated 18-6-1917 it is stated that the special establishment should be disbanded from the date of my going on leave and that the establishment allotted for the

Revision

Serial No.

"Revision of the Gazetteer" should be taken over on my return from leave. For reasons given in paras 2 and 3, the establishment sanctioned for the development of the Local Self-Government Schem will have to be kept for a few months more, i.e., until the work is finished. The establishment need not work under me but may work in Branch IV. As regards the other establishment, I think that must also be continued, as the special establishment sanctioned for the revision of the Gazetteer consists of only 2 clerks and 2 peons and what may suffice for an officer (like the Director) with other establishment for touring etc., and other duties may not suffice for a sole time officer who is asked by Government to complete in six months what the Director proposed to accomplish in 2 years (vide G.P.No.G.16552-3/G.M.185-16-11 dated 7-6-1917 copy appended). I request therefore that Government will kindly reconsider this part of the order.

X Hy R

I have read the progress reports of the Director (who is on tour now) and find that Vol.I of the Gazetteer is nearly ready for the Press.

If the work is to be done expeditiously and if I am also expected to tour in connection with the work then the present special establishment of 2 clerks, 2 typists and 6 peons may be con-

tinued

continued in addition to the establishment of 2 clerks and 2 peons allotted for the Revision of the Gazetteer under a different set of conditions. The latter establishment has been continued for 1 year under G.P. No.16552-3/G.M.185-16-11 dated 7-6-1917.

7. Utilisation of the leave granted to me. In the above circumstances I propose to finish within 2 or 3 months (at the most) the unfinished items of work and then go on leave for about 15 days affixing or ~~in continuation of~~ preceding the Dasara holidays, the Revision of the Gazetteer being taken up on my return to duty. The question of the retention of the temporary establishment has to be dealt with as indicated above.

Subject:—

In Government notification No.G.16850/G.M.577-16-2 dated the 18th June 1917, privilege leave for two months with effect from the 1st July 1917 or such subsequent date from which he may avail himself of it, was sanctioned to Mr.V.R.Thyagaraja Iyer, Revenue Secretary on Special Duty and he was informed that the special work on which he was engaged should be completed before availing himself of the leave. It was also ordered in Government order No.G. 16852-902/G.M.412-16-4 dated the 18th June 1917 that the work of revising the Mysore Gazetteer might be transferred to him on his return from leave and that the special establishments working under him should be disbanded when he proceeded on leave, the temporary establishment sanctioned for duty under the Archaeological Officer for the revision of the Gazetteer being placed at his disposal on his return from leave.

2. Mr.Thyagaraja Iyer has now submitted a note regarding the progress made in his special work and he requests that (a) the special establishment for work in connection with the Local Self-Government scheme may be allowed to be kept on till the said work is finished; and (b) that the other special establishment working under him as detailed in the margin may also be allowed to continue till the revision of the Gazetteer is completed as the establishment consisting of 2 clerks and 2 peons sanctioned for duty under the Archaeological Officer in connection with that work would hardly be found sufficient by a full-time officer. He has also

1 clerk	on Rs.	50
1 "		25
2 typists		30 each

finished items of the work originally allotted to him and then go on leave for about 15 days.

3. When the matter came up before me on the 6th July 1917, I recorded the following minute:-

"I have no objection to the above proposals. The Local Self-Government work can be transferred to the regular establishment of the Secretariat on the passing of the bills and after issue of the notifications and revised rules.

"The revision of forms in the Revenue Department requires special study. The work should be done in the Revenue Commissioner's office in the first instance. The special officer who is to do District Manuals, may also undertake this work under the supervision of the Revenue Commissioner."

4. The Financial Secretary who was consulted in the matter is of opinion that there is no financial objection provided funds to the extent of Rs.10,000 required for the items specified in Mr. Thyagaraja Iyer's note are found by re-appropriation from the General and Revenue Secretariat Budget. He has also indicated some likely heads from which re-appropriation may be made.

5. The question was considered in Council on 30th July 1917 and they are of opinion that the clerical and menial establishments of the Special Officer may be continued up to the end of August 1917 within which the special work should be completed and that revised proposals for the establishment necessary for the Gazetteer work should be submitted by the Special Officer before the 10th August 1917. They are also of opinion that the work of revising forms and registers in the Revenue Department which had been assigned to Mr.Thyagaraja Iyer in the order dated the 17th June 1916 may be done in the Revenue Commissioner's office as suggested by me o n the 6th July 1917.

The recommendations of the Council may be approved.

GEN. & REV. SECTS. GENERAL 17 AUG. 1917

Dear Sir,

Referring to Government Proceedings dated 14th August 1917, No.G.1987-2004/G.M.199-17-2, passing orders regarding the completion of the special work, I beg to enclose herewith for the orders of Government a memo on the points referred to in the above Government Order.-

Yours sincerely,

M Visvesvaraya

To,

The Secretary to Government,
General Deptt., Bangalore.

M E M O.

I. (a) Completion of certain items of special work.

(1) Revision of Forms and Registers.

A note in the form of a draft Government Order with several lists is nearly ready and this will dispose of the matter so far as I am concerned.

(2) Development of the Local Self-Government Scheme.

Such portion of this work as may be unfinished by the 31st August, will be handed over to Branch IV, to be dealt with in the usual course. The special establishment of 2 Clerks (with one type-writer) will revert to this Branch.

(3) Revision of proofs of the Village and Taluk Manuals.

Such portion of this work as may be incomplete on the 31st August, will be handed over to Branch I. The proofs may also, if necessary, be sent to me during the period of my leave referred to in para III below.

II. (b) The establishment required for the revision of the Gazetteer.

Since I wrote my note dated 4-7-17, I have had a talk with the Director of Archæological Researches on the subject. He says that there is nothing ready for the Press and that the idea I formed

from

from the progress reports does not represent the real state of affairs. Thus during the past ~~2~~ three years no progress has been made with the establishment of 2 clerks and 2 peons already sanctioned. If the work is to be satisfactorily completed within 6 months, and if I am also expected to tour in connection with the work, then the special establishment of 4 clerical hands (including 3 Typists) and 6 peons already sanctioned for the special work till now done by me will, as explained by me below, be insufficient. As I have already pointed out, the establishment of 2 clerks and 2 peons (with a monthly allowance of Rs.25 for the preparation of maps) sanctioned to the Director will not at all be sufficient for properly completing the work. I would suggest for the kind consideration of Government that the special establishment of 2 clerks and 2 peons (with a monthly allowance of Rs.25 for the preparation of maps) working under the Director should be added to the special establishment already working under me. By having a larger clerical and typing establishment, I would be able to distribute several chapters of Volumes I and II of the Gazetteer for typing, revision, &c., simultaneously.

The main difficulty will be with regard to replies from Deputy Commissioners

Commissioners and Heads of Departments on points referred to them and the Director has told me that the lack of progress till now is due to non-receipt of replies from Deputy Commissioners and Heads of Departments. To avoid this delay, it may be necessary for me to go to the several places and collect the information on the spot. It will thus be clear that a clerical establishment of 6 (4 plus 2) hands and 8 peons is absolutely necessary if the delay till now allowed in the execution of the work, is to be surmounted and if the work is to be completed in 6 months, in spite of the fact that no progress has been made for the past 2 years with the special establishment sanctioned for the purpose.

III. Utilisation of the privilege leave granted to me.

By Notification No.G.16850/G.M.577-16-2 dated 18th June 1917, privilege leave for 8 months was sanctioned to me. I did not utilise it as the special work was not finished on 1st July. As the special work has been of an arduous and exacting nature and as the work to be taken up by me (Revision of Rice's Gazetteer) will, from the time limit fixed, be at least of an equally exacting nature, I request that Government will be pleased to issue a fresh notification permitting me to utilise the leave from 1st September. I shall return to duty

on 1st November and within this period of 2 months the Government would be able to pass orders regarding (a) the establishment required for the revision of the Gazetteer, (b) permanent advance, monthly contingencies, tents, furniture and stationery &c., required for the office. The Director would also have sufficient time for handing over charge of the work to me.
